## POLITICS LEAD TO BRIBERY CHARGES IN OLD KENTUCKY

**Frankfort Banker Says He  
Gave Cantrill \$15,000 to  
Vote for Capital Site**

**Is Promptly Sued for \$50,000  
by Latter.**

**CANTRELL, FORMERLY SENATOR**

Frankfort, June 24.—(Special)—In a deposition in Harrell's damage suit against Cantrill, John C. Noel, president of the Farmers' bank of Frankfort, testified he gave Cantrill a package of money containing \$15,000 when Cantrill was senator and Cantrill afterwards voted for the present capital site, in which he had been exposed before. Thomas Cantrill filed suit for \$50,000 against Noel on account of the deposition.

**Suits Filed in Circuit Court.**

John Sandefur filed suit for damages from M. A. Sandefur, alleging abandonment. She alleges that they were married February 2, 1902, and that he abandoned her in September, 1905, when she was ill of typhoid fever. She asks that her maiden name Jane Hixler, be restored.

**Tree to Bloom.**

A beautiful pear tree has been discovered. It is E. E. Purcell, of 321 North Fifth street, is astonished to see his three-year-old pear tree just in full bloom, several weeks ahead of time. The tree is beautiful and in full bloom is a curiosity to that neighborhood.

**Big Tobacco Shipment  
on Steamer Richardson.**

One of the largest shipments of tobacco ever made out of Paducah was made last night on the steamer L. H. Richardson by the American tobacco company. The shipment was sent to Nashville and comprised 140 hogheads, or 2,240,000 pounds. The steamer was loaded to the gunwale and practically the entire cargo consisted of the tobacco. All of the tobacco was purchased at the Paducah warehouse and had been in storage here.

**Wedding Goes On**

Father Comes to Rescue of Young Man Charged With Harming Young

Frankfort, Ind., June 24.—Frank Woodcock, aged 21 years, son of a wealthy hotel man at Danville, Ind., who was arrested here yesterday on the charge of raising \$1,000 to \$10,000 and trying to run them was married last night at Fort Branch, Ind. to Miss Maude Wellman, of that place. His wedding had been fixed for last night and after he got on his father came here and went on his bond in order that the wedding would not be postponed. The marriage was attended by all of the entire population of Fort Branch. He will have his preliminary trial here tomorrow before United States Commissioner J. W. Williamson.

**\$6,000 AWARD**

**FOR MRS. GEORGIA TYNER IN  
SUIT IN COURT HERE.**

Judgment for \$6,000 was rendered this morning in circuit court in the suit of Mrs. Georgia Tyner, of Nashville, against the Manhattan, Sea and Alliance Insurance companies for \$6,000. The suit was filed for insurance due on the steamer Gracie Childers, which was burned at the local wharf September 3. The three policies were contested by the companies because of alleged failure to provide the proper number of watchmen. The suit was fought strenuously in the circuit court on both sides. Attorneys John K. Hendrick and Hal S. Corbett represented Mrs. Tyner, while Attorney J. D. McCann and Attorney Stevens, of Cincinnati, represented the insurance companies. An appeal was asked by the insurance companies.

**FINES IN THE COTTON  
LEAK CASES RENDERED.**

Washington, June 24.—The cotton leak cases were ended today by pronouncing of guilty entered by Moses Haas, of New York, and Frederick Beckham, of Cincinnati. Haas was fined \$6,000, Beckham \$5,000 in Justice Gould's district of the criminal court.

## Wickersham Pleads For Federal Control of Railroad Issues in a Chicago Address This Morning

**Says Reckless Issue of Stocks  
is as Demoralizing as Any  
Lottery, and State Control  
Essential.**

Chicago, June 24.—Declaring the reckless issue of railroad stocks and bonds is as demoralizing to public as lotteries, Attorney General Wickersham made an argument in favor of the federal regulation and control of all railroad issues in an address before the State Bar association here today. He contended that federal control was an essential part of the government's supervision of water-transportation and argued that legislation to obtain such control was within the power of congress. In an interview afterward, Wickersham said the investigation and prosecution of the "best trust" would go ahead, that new regulations would be drawn, possibly individually against the packers. He declared the railroad law was a good law.

**37 Mexican Troopers Killed.**

Mexico City, June 24.—Thirty-seven were killed and 50 injured on a troop train wrecked on the National railway in the state of Colima today. Four cars jumped the track on a curve. The troops were being transported to border towns and ten men were aboard with their wives and families. Seven are reported dead.

**PADUCAH MASONS ARE  
CELEBRATING ST. JOHN'S DAY.**

Paducah Masons are celebrating their first annual observance of St. John's day this afternoon at Wallace park under the cool shade trees. Their band is turning music and their hand is dancing in the pavilion tonight. Several hundred lodgesmen are on hand and the room filled for this morning were postponed until this afternoon. A ball game between a packed team will be played. Incoming packet boats brought visiting lodgesmen, although not as large a crowd is not on hand as was expected. Many prizes are to be awarded this afternoon for the winners of the foot races. St. John's day is to be a regular event each year hereafter.

## REAL ESTATE DEAL IN WEST END OFF

**IS ONE OF THE REPORTS MADE  
TODAY.**

No deal for real estate located in the west end has been consummated yet, according to the best advice obtainable. Messrs R. J. Zachary, of Baltimore, and W. C. Haymond, of Lynchburg, Va., were in Paducah this week and were negotiating with Mr. S. B. Caldwell for the purchase of a tract of land near the Gregory Heights land. It is said that the two men, who came to Paducah about two years ago, are considering speculation in Paducah real estate because of the entrance of the new railroads, and that their negotiations were in no way connected with the railroads. Some of the surveys of the Burlington engineers are near the property, which it is said they are considering as located advantageously for residence property.

## Jesse Fort Turns Up Very Much Alive

Very much alive, Jesse A. Fort returned to Paducah today from the west, where he has been for several months. Early in May a letter was received by The Evening Sun from Wehltin, Kans. in which it was stated that Fort was found murdered and robbed, but at the time little faith was placed in the letter by Fort's friends. Their assumption was true as he returned to Paducah today. Full several months ago Jesse Fort

## THE WEATHER

The predictions and temperature for the past twenty-four hours will be found at the top of the seventh column on page four.

## VINCENNES TEAM OUT FOR BLOOD

**STUNG BY THREE DEFEATS AT  
HANDS OF CLARKSVILLE.**

Bristling under their three defeats on their home lot by Clarksville, the Vincennes baseball players arrived in Paducah this morning to open a series of games with the local club. In the series beginning June 12, the Allice secured an even break, but the Indians will try hard to take all this time, and mount to second place in the percentage column. By taking three games the Indians will be tied with Vincennes for second position.

Chief Angermeyer decided to risk Ewing Harris with Overton behind the bat for today's game. Manager Nurn announced that Johnson and Fish would be the battery for the victors.

Brown, the Knoxville first baseman, returned this morning from Louisville, and left this afternoon for Hopkinsville to join his teammates. Brown's injured finger has almost recovered, and he will be in the game by tomorrow.

Rambroldt, the Hoppers' right fielder, was released yesterday and it is said may be signed by Vincennes. Unhappy Connie Smith has resigned and Sam Goodman, a local ballplayer, has received his appointment as dictator. Goodman will officiate in his first game this afternoon.

**ANOTHER CLUE TO  
IDENTITY OF MURDERED BOY.**

Chief Sherry today received a letter from E. E. Deau, 1129 West Jefferson street, Louisville, stating that from descriptions he had heard of the boy murdered on the Pool road, led him to believe it may have been his brother, and he asked for a picture and more details.

**HORSE LOVERS OUT  
TO SEE SPEEDERS GO.**

Many horsemen were out at the race track this morning to see the workouts of Dr. M. and Redfoot, who will settle the rivalry one week from today. Both horses are in splendid form, and went around the track at a lively clip. The track is not in good condition now, and before the race should receive considerable attention to insure the horses having an opportunity to display their speed. The best time made this morning was 2:11 1/2. The race next Friday it is calculated will draw many people to Paducah as the fair association is advertising it extensively.

**WM. EADES MAKES FURTHER  
REPLY IN DIVORCE SUIT.**

In the divorce suit of Mrs. Woodcock vs. Nathan William Eades the defendant filed a rejoinder to the plaintiff's reply this morning in circuit court. In the rejoinder Mr. Eades denies the allegations in the reply that he was not sociable at his home, and that he provided support for his family. Mr. Eades recites that before the marriage he gave his wife a check for \$100 in order that she might purchase wedding clothes and articles. He alleges that she was a girl employed on a salary, and even after marriage that he assisted financially her mother in Birmingham. He makes a general denial of all the allegations in the reply, and that some of the allegations in his answer were for grandstand play.

**ENGLAND WILL CHANGE  
ADMINISTRATION IN EGYPT.**

Manchester, England, June 24.—Exclusive cables to the United Press two weeks ago to the effect that England was considering a change in the administration in Egypt is confirmed by the Manchester Guardian today. It says there's good authority for the statement that Sir Eldon Gorst will be recalled and Sir Arthur Harding will succeed him.

## O'NEILL BROWN CASE GOES TO THE JURY THIS AFTERNOON

**Prosecutor Wayman Says  
Whites Blackness Does Not  
Make Brown White**

**The Closing Arguments Have  
All Been Made.**

**JUDGE INSTRUCTS THE JURY.**

Chicago, June 24.—State's Attorney Wayman made the closing arguments in the trial of Lee O'Neill Brown today. Judge McShure is to give the case over to the jury with instructions this afternoon. Wayman made no attempt to retaliate on the defense's attacks on Representative White, declaring White's blackness didn't make Browne white.

**DR. O. R. KIDD AND DR. GRAVES  
DON'T SEEK HEALTH BOARD.**

With the announcement of prospective candidates for city health officer to succeed Dr. H. P. Sights, the incumbent, whose resignation becomes effective July 1, there have been two denials. Both Dr. O. R. Kidd and Dr. W. T. Graves said today they were not candidates and had no intention of seeking the place.

In the announcement yesterday afternoon in The Sun the name of Dr. C. E. Kidd should have been in place of his brother, Dr. O. R. Kidd. Dr. C. E. Kidd is a member of the board of health and does not deny that he is a candidate. Dr. S. Z. Holland will be a candidate for the office also. Much interest has been aroused in the appointment.

**THIS SUE TO RECOVER  
MONEY FROM GUARDIAN.**

Two suits were filed in circuit court today over the alleged failure of J. W. Williams, guardian of Corn Jones and Rosa Hutton to settle and account for funds received by him as guardian of the two girls. Cora Jones, through her administrator, E. G. Hudolph, and Attorneys Oliver, Oliver & Wickliffe, filed suit against Williams for \$1,100.25, and Rosa Hutton through her guardian, W. F. Ives, and Attorneys Price & Cooper, Red suits for \$2,375. The two girls were injured in an accident at the factory of the Paducah Box and Basket factory over a year ago by the collapse of a run, and the money was received from the company. Williams was appointed guardian, and afterwards, the petition alleges, removed, and he has failed to settle promptly. The surety of Williams, E. E. McKee, C. M. Perkhill, J. F. Harth and E. J. Hill are named as defendants.

## OLIPHANT FILES HIS ANSWER

This morning in circuit court the separate answer of John T. Oliphant was filed in the suit of Councilman W. L. Fowler against the Vincennes Bridge company for alleged damages as a result of the publication of an affidavit published in a Paducah newspaper during the last county campaign. Mr. Oliphant denies that he caused the affidavit to be published. He denies that he signed the affidavit for the effect of any injustice, and says that he does not charge of false swearing, and denies that he used the words that Mr. Fowler says he did. The affidavit was written, he says, not because of any hatred, and that he believes the publication of the affidavit has not injured the social standing of Mr. Fowler. In his answer Mr. Oliphant recites that he secured the contract for the erection of the concrete bridges in McCracken county, and on one of his business trips to Paducah learned of the publication of an affidavit by Councilman Fowler. For his protection he says that he signed the affidavit, which is copied in his answer to the suit.

## SKYLARK PARTIES ARE THE THING

**DEUTSCHLAND HAS FULL PAS-  
SENGER LOADS ON TWO  
TRIPS.**

Inselsdorf, Germany, June 24.—The first aerial trip for commercial purposes began here today when the "Deutschland" dirigible sailed for a three-hour trip with 20 passengers. Tickets were purchased two weeks ago for \$50 each, so great was the rush to get to ride. The first hundred miles was completed without mishap, and averaging a speed of 30 miles despite it encountered bad weather. The second trip will start this afternoon with 20 new passengers. This will be 100 miles. The third trip will be to Friederichshafen.

If the three trips of "Deutschland" are completed today they mean a revenue of \$3,000. All places were booked. Inselsdorf will be used as the starting point and terminus of all the "Deutschland's" short trips of 100 miles or less.

## Charlton's Friends Advance The Plea of Insanity and May Fight Against His Extradition at Trial

**He Will Not be Permitted to  
Plead Guilty and His Attor-  
neys Hope For a Man-  
slaughter Verdict.**

Hoboken, N. J., June 24.—The preliminary examination of Porter Charlton, the confessed wife murderer, was adjourned this morning by Recorder McEvoy at the request of Charlton's attorneys and the case set for Tuesday. Charlton was transferred to Jersey City.

Although the attorneys retained by Charlton's father refuse to talk of the case, it is understood that attorneys will be engaged to examine into Charlton's sanity. His statement to the police after his arrest is to be taken as indicating a lack of mental balance.

He will not be permitted to plead guilty as he said he would when he was arraigned. Attorneys familiar with Italian laws say the evidence against Charlton is circumstantial, either than his confession and he hardly will be convicted of a higher degree than manslaughter, and the penalty will not exceed six years. This will be close to a death sentence though, as Italian prisons are inhuman confinement. Charlton is a consumptive. Judge Charlton, his father, declared today his son is insane. The body of Mrs. Charlton will be brought to the United States and buried in San Francisco.

Marquis De Montella, the Italian charge d'affaires, of the Washington embassy here to represent the Italian government, said he believed the evidence pointed to a premeditated murder. He said he was prepared to institute steps for the return of Charlton to Italy without delay. Charlton's father refused to discuss a rumor. He will fight extradition, and intimated it would be a legal struggle from the start. Charlton is watched closely to prevent an attempt at suicide.

**ITALY WILL EXTRADITE  
CHARLTON FOR TRIAL.**

Comol, Italy, June 24.—Italian authorities took the preliminary steps for the extradition of Charlton today. The king's procurator swore to an affidavit formally charging Charlton with murder. It will be signed by the judge and sent to the foreign office through which an extradition will be made on the U. S. state department. It is the belief of the police in Italy Charlton will get off with a light sentence if he pleads guilty.

**SAMUEL HINTON IN A  
PRELIMINARY CONDITION.**

Mr. Samuel Hinton, 220 North Sixth street, is in a precarious condition with pneumonia today and is not expected to survive the day. He is 36 years old and owing to his advanced age his recovery is doubtful. His condition became alarming yesterday and last night he was barely alive. He is a well known citizen of Paducah and one of the early settlers.

J. R. Shore Seriously Injured.  
J. R. Shore, a car repairer at the Illinois Central shops, was seriously injured about the hands and face this morning, by the ignition of some kerosene oil. He was rushed to the railroad hospital, where his injuries were dressed and is resting fairly well this afternoon.

## JEFFRIES IS IN PERFECT CONDITION

**MIKE MURPHY SURPRISED AT  
BIG MAN'S APPEARANCE.**

Reno, June 24.—Mike Murphy, the veteran trainer, watched Jeffries work today and says he is surprised at the condition of the big man. He declares the boxer is perfect. Jeffries refused to discuss on the Sullivan incident. Corbett and Sullivan nearly came to blows. Corbett accused Sullivan of declaring in Boston the fight would be a fake. Sullivan denied it but Corbett refused to allow Sullivan to remain in the camp.

**Johnson in Reno Now.**

Reno, June 24.—Johnson arrived here this morning and went into camp. He will resume training today. John L. Sullivan is the most disgusted man at Reno today. Despite his popularity the most comment is "He got what was coming to him." Corbett expressed sympathy for Sullivan, saying he is sorry he had to refuse to allow Sullivan in Jeffries' camp.

**SULLIVAN MET COLD RECEPTION  
When He Attempted to Interview  
Jeffries Yesterday.**

Reno, Nev., June 24.—Despite Tex Rickard's advice John L. Sullivan tried to interview Jeffries. He was denied admission to Jeff's quarters and was told by Jim Corbett that Jeff would not shake hands with him.

Sullivan demanded an explanation and Corbett answered that it was because of the many roasts Sullivan had given the big fight in the newspapers and from the stage.

Corbett cited the recent utterance attributed to Sullivan to the effect that if Jeff won the fight it would be a fake. Sullivan hotly denied making such a statement. "You'll admit," said Corbett, "that a man who knocks his own game is a big stiff."

**Estrada Forces Successful.**

Bluefields, June 24.—General Estrada, commanding the forces of Provisional President Estrada is meeting with success in his campaign on Managua, having occupied Acopya, according to dispatches here. Madrid had a garrison of 400 at Acopya, but they dispersed after a sharp fight. Acopya will be used as a supply base.

## SURVEYORS ARE BUSY IN WEST END

**GO OVER SURVEYS NOTED FEW  
DAYS AGO AGAIN.**

Burlington railroad civil engineers are still surveying in the west end and several lines have been run from the north to the southern limits.

That the road will finally adopt the route just behind League park as the link from the Metropolis bridge to Union station is the opinion of real estate men, who have been noting the progress of the engineers. This opinion is based on the fact that two surveys have been made over this route and furthermore that this route is in a direct line between Union station and the approach to the Metropolis bridge. This line passed just back of the ball park and east of the Wallace park lake. It cuts through three grocereries of Parish, Linn and Haynes & Dismukes south of the Broadway road and north of the ball park. It passed in front of Col. D. A. Yeager's home and in front of the new home of Mrs. William Hornemann, thence out Friedman avenue and on toward the Ohio river.

One survey has been made between the homes of John Keller and Mr. Wolff and directly through Kirkhoff's garden, west of the fair grounds. Among real estate men this route appears the easiest although this has not been gone over but once.

**Eagles Seath Indians.**

In an exciting double-header, played this morning, the Baby Eagles defeated the Little Indians, the first game being 14 to 3 and the second 10 to 8. The batteries were: For the Eagles, McCann and Herrmann. For the Indians, Sandy and Price.

## STRINGER PLEASES A BIG CROWD AT THE CHAUTAUQUA

**Delivers a Brilliant Address  
Which is Greatly Appreciated by Audience.**

**Another Interesting Program  
Promised For Tonight.**

**SOME TOMORROW FEATURES.**

Those who heard the splendid Castle Square Entertainers and the magnificent speech of Hon. Lawrence B. Stringer at the Chautauqua last night were doubly repaid for their money and time. The entertainers presented a full and complete program, intermingling the classical selections with present day ballads, and it was with the greatest difficulty that they were able to leave the platform on account of the applause. At 7:45 Mr. William Hummel, chairman of the Chautauqua association, introduced the speaker of the evening, Hon. Lawrence B. Stringer, who came upon the platform amid a round of applause from the people who had gathered to hear the noted orator; and during his entire lecture, although a storm seemed to be approaching, not a single person left the audience. His lecture was a masterpiece of eloquent oratory, interweaving witty and humorous thoughts with majestic and masterful principles, and it was pronounced by many as the most finished production of oratory ever heard in Paducah.

This afternoon at 3:30 the Castle Square Entertainers will give a short number, which will be followed by the celebrated Prof. Ash Davis. Mr. Davis has been on the Chautauqua platform continuously for 13 years, and his fame has spread all over the country. He is not only a cartoonist, a line artist, but an attractive and entertaining lecturer. Some of his best novelties are the landscapes, chalk talk, rag pictures, musical burlesques and transforming scenes and the rapidity with which he draws enables him to present from 20 to 30 pictures in an evening.

Tonight promptly at 7:45, the Castle Square Entertainers will render their choicest selections and will entertain the audience during the entire evening. The nature of their selections will be diversified, both in their instrumental and vocal and the management without repetition or reservation pronounce this company as the best which has thus far appeared. Their whole performance is such as to cause continuous laughter.

Tomorrow afternoon at 3:30 the Fisher Ship Concert company is scheduled to appear. The company is composed of Misses Fisher Ship, Etta Hemenck and Alice Carney and Mr. Lloyd Lear. The versatility of this company enables them to give an unusual varied program. Their vocal selections are highly recommended, while Mr. Lear is an accomplished musician on nearly every kind of stringed instrument.

Tomorrow night at 8 o'clock the Fisher Ship Concert will open the evening program with a few selections followed by a lecture of Mr. Robert Parker Miles, entitled "Tallow Dips." By virtue of the great dramatic power he is able to reproduce, "Tallow Dips" instill the great fundamental truths give the lesson of their lives to the world. He has the art of pointing out the good traits in mankind and takes the worst of men and selecting the good in them presents it as a gem to his hearers.

**PROFESSOR DINES ON SKUNKS.**

Frank E. Wood, of Illinois University, Says They Are Good to Eat and Are "Unjustly Persecuted."

Champaign, Ill., June 24.—The much maligned skunk has a defender in the person of Prof. Frank E. Wood of the Illinois state laboratory of natural history, who declares the animal is good to eat as well as being otherwise useful.

That the flesh of the much dreaded beast is white, tender, and of a delicious flavor if the scent glands are removed is the assertion of the savant.

Prof. Wood gives no recipe for the capture of the animal, and does not tell just how one is to be enabled to enjoy the meat.

"No animal is more unjustly persecuted than the skunk," asserts Prof. Wood. "It is the best friend the farmer has, destroying enormous quantities of grubs, beetles, grasshoppers, mice and moles."

**Sterilized Without Heat.**  
Milk is now being sterilized in Paris by substituting it to the action of ultra violet rays, thus avoiding the use of heat or treatment by chemical antiseptic substances. It has long been known that light without heat can destroy micro-organisms, and in 1892 it was proved that from the ultra violet part of the spectrum there proceeded rays that had a bactericidal effect. It was further shown that glass stopped these rays, which, however, passed easily through quartz.  
It has taken over seven years to turn this knowledge to general use; but now in Paris an apparatus has been made by which ultra violet rays, through quartz, sterilize 132 gallons of water an hour.  
After much trouble the sterilizing of milk has been successfully accomplished, although its practicality was not at first a difficulty.—New York Sun.

Vincennes-Clarksville, rain.

Games Today and Tomorrow.  
Vincennes at Paducah.  
Hopkinsville at Clarksville.

Rejoicing ran high at League park yesterday afternoon, for the Indians took both games from the Hopkinsville club, and thereby made the number of victories equal to the number of defeats, quite a boost up the percentage column. The first game was won 2 to 1 and the second by as core of 5 to 3. Both were grand games and just exciting enough to keep the fans on edge until the last out was made, for the Hoppers put up a scrappy fight, and worked hard to secure an even break. Gwin helped defeat Hopkinsville, not only by his superb pitching, but a timely single following Overton's double, put the little catcher across the pan.

The first game was a clever exhibition of the national pastime. It was agreed that the game should go only seven innings. Gwin worked for Paducah and Demaree for Hopkinsville. Both pitchers were in good shape, and at the end of the sixth inning not a score had been made. It looked like the game would have to go into extra innings, when the fans got an awful tumble, for Hopkinsville scored a run. Anderson went out Gwin to Cox, when Lynch swatted a double out to centerfield. Smith's line drive was stopped by Angermeyer, but Murray slugged to center and Lynch trotted home.

Even the most optimistic fan admitted it looked blue, but those Indians do have some final inning rallies, and yesterday two runs were scored in the last session, just enough to win. Overton was first up and drove the sphere to center for two bags. Block was sent in to bat for Tidwell and hit a good one to left field, but Flandin, by a hard run, grabbed the ball. Mercer placed one in the infield, going out Crimmins to Lynch. Gwin hit a hot one to Demaree, who failed to stop it, and Overton scored. The score then was tied. In reaching first, Gwin got tangled up with Lynch and sprained his ankle. Cox was substituted as runner, and stole second, going to third, while the Hoppers looked for the ball. Chief Angermeyer was right there with the willow, and batted out a single over second, scoring Cox and winning the game.

DID you ever stop to think how wasteful you are when you run your coal range all day to do just a few hours' cooking? Certainly that's NOT economy. With gas you have the heat just when and where you want it, and can turn it on and off just when you wish. That IS economy.

Surely you must agree that the ECONOMY of gas is unsurpassed by any other fuel.

against the fence and pulled down Smith's terrific drive.

Paducah started business in the second inning, and brought in five runs. Tidwell walked, and while Block was going to third the little shortstop went to second. Mercer hit down to third base, and Block scored. Payne batted, and Tidwell was forced over the pan. Angermeyer went out Demaree to Lynch. Varnadore popped one over third, and Mercer scored, followed by Payne. Lockhart hit a hot one to Anderson and was safe. Williams walked, while Cox hit to Crimmins, and Lockhart was nabbed at the plate trying to score.

Hoptown started scoring in the fourth. Anderson walked. Lynch was safe on a high throw by Williams to Varnadore. Angermeyer caught Smith's drive. Cox took in Murray's grounder. Crimmins hit to right, and Anderson scored, while Lynch counted when Mercer threw beyond Cox's range. The third run was secured in the seventh. Tidwell took Anderson's short fly. Lynch drove one to centerfield for three sacks. Smith slugged, and Lynch scored. Murray hit to Tidwell, who threw the ball to Varnadore to Cox, and completed a double play.

No more scoring was done and the fans whooped and yelled at the double victory, while the good news was still better when the city was reached and it was learned that the leaders of the percentage column were unable to play on account of rain.

The fans were pleased with the double victory yesterday. The majority of the supporters hoped for an even break at the best.

The Vincennes Capital says: "Doc" Bailey and Jesse Williams who have been on the twirling staff of the Adios since the season opened were released by Manager Nairn last night. It being necessary to drop two of the six twirlers from the payroll. The addition of Hensley and Blumfield both of whom are considered more promising, made it necessary to reduce the staff and Manager Nairn chose Gummel and Johnson to help them out.

Mr. Walter Clark of Bluefield, W. Va., was laid up with lung trouble, unable to work for two months. He tried numerous medicines without results until he took Duffy's Pure Malt Whiskey. It completely cured him and now he is in perfect health.

"Having been afflicted with a serious case of lung trouble and used many remedies without result—in fact, I was unable to do any work whatever for two months—Duffy's Pure Malt Whiskey was recommended, and I commenced taking the same. I desire to state that I am entirely cured, having been pronounced so by my physician. This testimonial is conscientiously given and without any solicitation whatsoever. I consider this the greatest medicine of the present age."—Walter Clark, Bluefield, W. Va. Mr. Clark is a member of the firm of Clark & Co., prominent grocers of Bluefield.

## Duffy's Pure Malt Whiskey

is a wonderful remedy in the treatment and cure of all diseases of the lungs, throat and stomach and for all weakening and wasting conditions. It is an absolutely pure, gentle and invigorating stimulant and tonic. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutrient necessary to their sustenance and indirectly to the whole system strength and vigor. It is prescribed by doctors and is recognized as a family medicine everywhere.

If in need of advice write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet, containing rare common sense rules for health, which you cannot afford to be without, and some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of this great medicine and who continue to enjoy good health. ## Bowel Tonic For Old Folks Free

No matter how sound and healthy old people are they still suffer with their bowels. The machinery of the system doesn't work as it did when they were young and active. But while you can't restore youth you can help age to live more pleasantly. That a laxative is needed every little while by people as they get around fifty and beyond, there is no doubt, but it is important which laxative is taken. Old people, women and all, except those who are in the prime of life, should avoid anything that gives a shock to the system and which is but a temporary expedient. Among these are pills and cathartic tablets, salts and purgative waters. They are too strong and only do temporary good. Not only that, but they really bind the bowels next day. What you want in something that will regulate the bowels and again get them in the habit of performing a certain function at a certain time, while at the same time toning and strengthening the muscles of the stomach and bowels. Such a remedy is Dr. Caldwell's Syrup Pepsin, and if you have never used it let the doctor send you a sample bottle free of charge. Try your case in a few days. It is pleasant to take, very effective and very economical as a household remedy. It is the only laxative that Dr. Caldwell is eager to have all readers unacquainted with it to send for a free sample. Thousands of old people and heads of families are never without it for in this way they cure and avoid constipation, liver trouble, indigestion, sour stomach, sick headache, sleeplessness after eating, belching and similar ailments, liver and bowel disturbances. Mrs. T. H. Brown, 404 Waukegan street, Knoxville, Tenn., and T. H. Marshall, Nat. Okla., as well as thousands of others, attribute much of their present good health to this grand laxative tonic. Dr. Caldwell's Syrup Pepsin will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Reply your case in a letter and he will reply to you in detail. For the free sample, simply send your name and address on a postal card or otherwise. For other request the doctor's address is Dr. W. B. Caldwell, 1501 Caldwell building, Monticello, Ill.

## EXEMPTING UNIONS CLASS LEGISLATION

TAFT EXPLAINS POSITION ON LABOR LEGISLATION.

Wires Brotherhood of Firemen and Engineers Position on the Anti-Trust Law.

CONGRESS END IS NEAR

Washington, June 24.—The action of the house of representatives late today in receding from its labor amendment to the sundry civil bill marked the successful termination of an all-day fight by President Taft against what he termed class legislation of an improper sort, and apparently removed the last real obstacle in the way of an adjournment of congress within the next few days.

President Taft spent the entire day and bent every energy toward the defeat of the house amendment, which proposed to exempt labor unions from the operation of the Sherman anti-trust law. He threw his whole influence into the fight, sending for several scores of representatives and urging them to defeat the provision. Mr. Taft declared that if it cost him the support of every laboring man in the country he would not approve such a provision of law. The laboring man, he believed, asked only equality before the law, and was entitled to no more.

It was the president's fight on this amendment to the big supply bill which caused rumors to spread today that there undoubtedly would be a delay in the adjournment of congress. Mr. Taft felt that he had a longer fight before him than proved to be the case and was doubtful of the result until the vote was finally taken. When informed of the result he made no attempt to conceal his gratification.

Incidentally the president sent a long telegram tonight to the convention of the Brotherhood of Locomotive Firemen and Engineers, meeting at St. Paul, in which he outlined his views on the matter. The telegram was in response to a message of protest from the convention. For several days past the white house has been fairly bombarded with letters and telegrams from labor organizations in favor of the house amendment. The messages made public tonight were:

"St. Paul, Minn., June 22, 1910. To the President:

"Press reports of today indicate that you favor using the people's money to prosecute labor in their efforts to better conditions. The 798 delegates attending the twelfth biennial convention of the Brotherhood of Locomotive Firemen and Engineers at St. Paul instruct me to protest against this unjust policy."

"W. S. CARTER, President of L. F. and E. Taft's Reply.

"Washington, June 23, 1910. To W. S. Carter, President Brotherhood of Locomotive Firemen and Engineers: "Your dispatch of June 22 received in which you say the press reports today indicate that I favor using the people's money to prosecute labor in their efforts to better conditions. And you protest against such a policy. I presume you refer to the proposition now before congress that money appropriated for enforcement of anti-trust laws and acts to regulate commerce shall in no part of it be expended in the prosecution of conspiracies in the nature of boycotts to increase wages, shorten hours or better the conditions of labor."

"The supreme court has decided that such a boycott is a violation of the Sherman anti-trust law and this proposal is an attempt to withhold the means of prosecuting that law when it is violated by a particular class thus to be made privileged. I am entirely opposed to such class legislation. If it were proposed to amend the language of the Sherman anti-trust law itself so as somewhat to narrow its scope for consideration; but so long as the present anti-trust law remains upon the statute books an attempt to modify its enforcement so as to render immune any particular class of citizens, rich or poor, employers or employees, is improper legislation and in my judgment ought to be opposed by your brotherhood."

"The laboring man and the trades unionist, if I understand him, asks only equality before the law. Class legislation and unequal privileges, though expressly in his favor, will in the end work no benefit to him or to society."

"WILLIAM H. TAFT."

## WATCH POSLAM WORK. Results Are Seen After a Single Application.

Anyone wishing to test poslam, the new skin remedy, for the rapidity of its action should select a red spot or small part of a surface where the skin is extensively broken out. Poslam should be applied on this place at night and results noted in the morning by comparison with the surrounding skin, which has not been treated. Surprising results are seen, particularly when poslam is used for red and inflamed noses, fever blisters, pimples, rash, scaly scalp, itching feet, sunburn, etc. The beneficial action of this new healing agent in eczema, acne, psoriasis, barber's itch, piles, etc., begins with first application when all itching is stopped and continues unrelentingly until its work is done. Cases of these troubles, of years' standing have been completely eradicated by poslam after other remedies were abandoned as ineffectual. A special 50-cent package of poslam is prepared for minor uses and this, as well as the regular \$2 jar, is on sale by all druggists, particularly Gilbert's drug store and H. W. Walker Co.

A sample of poslam, which will afford a convincing test, will be sent by mail, free of charge, to anyone who will write to the Emergency Laboratories, 32 West 25th street, New York City.

## PADUCAH'S GOOD HEALTHY CONDITION

NO SCARLET FEVER, DIPHTHERIA OR SMALL POX.

Campaign For Co-Operation From the Citizens' Point of View.

WATER WILL BE ANALYZED

The city health officer today was jubilant over the fact that there is not a single case of scarlet fever, diphtheria or smallpox here. This speaks well for the sanitation and it is evidence that the citizens have been co-operating with the health department in exterminating it as far as possible. Screening the ash barrels and garbage cans, to say nothing of the houses, is one factor in checking contagious diseases, as the house fly has been pronounced the greatest enemy to public health. There are some cases of measles here, but from the reports received the disease has been checked and has been kept from spreading by careful control. The fact that many parents failed to summon physicians for their children is one cause why the spread was so great.

Ten specimens of drinking water that Paducahans have been indulging in were forwarded to the state laboratories at Lexington, Ky., this afternoon for analysis by the state chemist. This was done by the health department, which will receive a report next week.

The specimens were taken by Sanitary Inspectors Galtner and White this week. One specimen is the filtered hydrant water and the other nine are specimens taken from different wells and cisterns, representing every portion of the city. An analysis is made each year. Last year the report on the hydrant water was a good one.

## AUTOMOBILE TIRES TO BE RAISED IN PRICE.

New York, June 24.—Automobile tires will take an upward jump of 20 or 25 per cent in price after July 1. The increase in the price comes as a direct result of the constant drain upon the small supply of rubber now held in the European market. Two months ago there was a market supply of 3,000 tons of rubber, of which 2,500 tons were held abroad. Today the total supply is 2,000 tons and practically all of it is held abroad.

## River and Weather.

Gauge at 7 a. m. read 16.9 feet.

A fall of seven-tenths of a foot since yesterday morning. Weather clear and hot and business fair.

## Head on the Wharf.

Yesterday was the busiest day of the summer on the wharfhoot. Many of the larger boats transacted business and it is estimated at 300 tons of freight were handled.

After several days preparation the towboat Jim Duffy left today for

Dover, Tenn., after ties for the Ayer & Lord Tie company.

In command of Capt. I. O. Ford, the towboat Henrietta left today for Ashland City, Tenn., on the Cumberland river, to bring out ties.

The towboat Elmer, of the West Kentucky Coal company, departed early last night for the mines at Caseyville and will return this afternoon with a big tow of coal, leaving several loaded fuel flats here and taking the remainder of the tow to Bondsville, La. She is in charge of Pilot Capt. Jim and Tom Marshall.

The American arrived late yesterday evening from Cairo and tied up here.

The towboat Nellie Willett is expected out of the Cumberland river today with ties and will go to Cairo to deliver them.

The W. T. Hardison is due out of the Tennessee river today with a tow of railroad ties.

The towboat Nellie, towing a wild west show, will return here in about two weeks and the show will be seen here four days. It is said to be a clip-ming western thriller.

The gold letters have been added to the new ferryboat G. W. Robertson on the pliothouse and today sheet metal workers are raising her sheels. The arms of the wheel have been completed and her paddles are being fitted on. Her owners say she will have up steam by next week.

The John L. Lowry was the Evansville packet today.

Tomorrow's Evansville boat will be the John S. Hopkins.

The Kentucky was at Metropolis and Brookport this morning unloading freight and will return this afternoon. She leaves for Riverport, Ala., tomorrow night at 6 o'clock.

The Nashville will be the Nashville, Tenn., packet tomorrow afternoon, arriving at 2 p. m. and leaving at 6 p. m.

An order has been issued at Cincinnati preventing steamboats from smoking in that harbor.

The towboats J. B. Finley, Duquesne and several other Pittsburgh combine boats are en route down

the Ohio with large tows of coal for New Orleans.

Capt. Lytle Brown, chief of the United States engineers of the Louisville district, said that nothing definite had yet been done toward the government acquiring certain real estate on the north side of the Louisville and Portland canal, which will admit of the widening and deepening of the canal between Ninth and Thirty-first streets, says the Times. The government has opened negotiations with J. B. Speed and John L. Wheat, of the Union Cement and Lime company, who are the principal owners of the real estate desired. It is estimated that the government will spend from \$40,000 to \$50,000 on the present project which has been contemplated for several years. "Some compromise," said Captain Brown, "has been going on regarding this real estate, but it is not assured that the government will be able to make a satisfactory deal with the owners of the property."

## MADE PRINCE OF WALES AT 16.

Klug George Elvones Eldest Son and Also Creates Him Earl of Chester.

London, June 24.—The king today created the Duke of Cornwall Prince of Wales and Earl of Chester. Tomorrow will be the sixteenth anniversary of the duke.

Since the death of King Edward until today the royal standard has flown over Buckingham palace in honor of the queen mother, who is still in residence there.

As the royal standard is flown only for a monarch, the fact that it is used by the queen mother is a source of considerable speculation. Now a special flag has been designed for her use and it was hoisted at the palace today. It is twenty-four feet long and twelve feet deep, and is equally divided, the British standard being on the left and the Danish standard on the right.

Sometimes a blonde woman really is a blonde.

Daily Thought.

Trouble teaches men how much there is in madness.—Beecher.

Roosevelt was an hour and a half late in getting down to his desk in the Outlook office yesterday. Wonder if the managing editor said anything about a 10 o'clock scholar?

A professor in the Illinois state laboratory of national history declares the skunk is good to eat, that the flesh is white and tender and of a delicious flavor, and—bring on the smelling salts, quick.

After all the strenuous times Taft has had with congress, it now looks like everything will end peacefully. Congress will adjourn Saturday and so great is the good feeling that the insurgents have promised not to attempt to depose Joe Cannon.

W. C. Brown, of the New York Central railroad, pleads for an era of "back to the farm," which he says is the only salvation of the country, the cure for the high prices. Our trouble has been that too many of our young men have turned their "backs on the farm."

BACK TO THE FARM.

Every few weeks some student of economy tries to make us heed the fact that we are rapidly drifting toward the time when this country will be an importer of food supplies. Instead of the great exporter we have been for years. W. C. Brown, of the New York Central, this week joins his warning with James J. Hill. In an address to Minnesota bankers he says the country is rapidly approaching a very critical period, and that unless we turn our attention to the development of our farms, we shall have to seek food outside of the country. Our consumption is equal to our production now, and apparently is rapidly approaching the time when the consumption will be greater than the production. "What," Mr. Brown asks, "will be the cost of living then?" It is a question we could all ponder with deep thought.

France is going to take steps to increase the birth rate of that country, and an admirable bill for that purpose has been introduced this week. It is true France was doing something to increase its population, as the increase in 50 years has been only three millions. During the same time England, Russia and Germany have almost doubled theirs. Some of the measures in the bill are:

The imposition of additional military service upon bachelors over 29 years of age.

Obligatory marriage of state employees who have reached the age of 25 years.

Supplementary salaries and pension allowances for those with more than three children.

Repeal of the law requiring the equal distribution of estates among the children.

The dislike of Frenchmen to divide their property in a frequent cause of restricted families, according to those who have made a study of the subject.

The proposed legislation follows the English plan, which provides that a man may have up to 33 children, and a woman up to 33 children.

## THE POSTAL BANK BILL.

With the passage of the postal savings bank bill, comes a legislation that the country has been waiting for over a generation. It was one of the party platforms, but many members of both senate and congress were very lukewarm in their support, due to a fear that the measure was not just what the business interests of the country wanted. The provisions of the bill are:

"The postal bank system shall be conducted by the postoffice department under the supervision of a board of trustees consisting of the postmaster general, the secretary of the treasury, and the attorney general."

"This board shall designate the postoffices which shall be created depositories, in which any person over 10 years of age may make deposits of \$1 or more, though not more than \$100 may be deposited in any one month and not more than \$500 in all. Interest will be paid on deposits at the rate of 2 per cent per annum."

"Deposits will be recorded by pass-book or some other similar device, and postal savings stamps may be purchased for the saving of amounts under \$1. Any part or all of the deposit may be withdrawn by the depositor at any time, together with the accrued interest."

"The postmaster will deposit the savings funds in the state and national banks, which will pay interest or not less than 2 1/2 per cent and give security satisfactory to the board in bonds or other securities supported by the taxing power."

"Of the postal savings funds 65

per cent shall be retained in the neighborhood banks, to be withdrawn only when the president shall deem that the welfare of the nation requires, 30 per cent may be withdrawn by the trustees for investment in securities of the United States, and 5 per cent shall be deposited with the treasurer of the United States as a reserve fund."

"Any depositor may surrender his deposit in sums of from \$20 to \$500 and take in exchange bonds of the United States bearing 2 1/2 per cent interest."

The work of organizing the postal bank system will be undertaken as soon as the president signs the bill. The establishment of the institution will be accomplished by slow stages. The first aim will be to create the postal depositories in the communities which are lacking in savings banks. A couple of cities of the first class, a couple of the second class, and several rural communities will furnish the nucleus of the organization."

Under the provisions of the postal bank law, a new issue of Panama bonds at 2 1/2 per cent interest may be made and absorbed by the 30 per cent of the postal deposits which the trustees may withdraw for this purpose. This step will not disturb the parity of the 2 per cent held by the banks. The government, through this means can refund the \$60,000,000 outstanding 3 per cent at 2 1/2 per cent. Senators Cummins and Hristow offered several amendments to modify these arrangements, but they were voted down.

## HUMOR AND WIT.

It is language comes in handy when a man wants to make cutting remarks.

Stranger (mysteriously)—I'd like to get into a gambling game of some sort. Where can I go?

Tired Looking Man (whispering)—Over to the office of that justice of the peace. He'll marry you.—St. Star.

"Ah, Mr. Jimsoll!" exclaimed the kittenish lady with the platitude of powder on her face, "you must remember I am a daughter of Eve!" "Well, honestly," replied the blundering man, "you don't look half that old."—Chicago Post.

## Fine Point in Legal Testimony.

"So," said the judge, "you say that you never went to Chicago from Hunterville. Now this is a very important point in the case and I give you one more chance to explain, for you and Snyder were seen on the same train. Now you must be precise."

"No sir, I never went to Chicago."

"Didn't Snyder go?"

"Yes, sir."

"And you were with him. Now out with it."

"Yes, sir," answered the witness after a pause. "You see, I told the truth, because it was this way: We sat opposite each other. He faced the engine. I didn't go to Chicago. I just backed away from Hunterville."—Woman's Home Companion.

## Hypnotic Triumph.

A doctor related the following story: "I had a patient who was very ill and who ought to have gone to a warmer climate, but whose means were insufficient, so I resolved to try what hypnotism would do for him. I had a large sun painted on the ceiling of his room and by suggestion induced him to think it was the sun which would cure him. The ruse succeeded, and he was getting better rapidly, when one day on my arrival I found he was dead."

"Did it fail, after all, then?" asked the doctor's hearers.

"No," replied the doctor, "he died of sunstroke."—Circle Magazine.

RIVAL HACKMEN  
HAVE SMALL ROWAND JUDGE CROSS MAKES A  
RULE FOR THEM.

The war between his lines and independent hack drivers was revived at Union station yesterday afternoon resulting in C. L. Blackmond, a traveling man, procuring a warrant against S. P. Pool, conductor in charge of the omnibus of the Palmer Transfer company, charging him with breach of the peace. The case was called down in police court this morning and Judge Cross gave the police instructions that he believes will abate the turmoil if enforced by the police on the depot beat.

C. L. Blackmond, accompanied by a young lady, engaged a hack driven by Ernest Jefferson, colored, after leaving the afternoon train. Jefferson's hack was backed against the south end of the hack reserve and "pocketed" in the corner by the omnibus and baggage wagon. Blackmond said he was in a hurry to get to the city and asked Mr. Pool to move the bus horses in order to let his hack get out. He said Pool refused and as a result he was delayed 20 minutes until the baggage wagon was loaded and the omnibus left for the city. Judge Cross said to fine Mr. Pool would not remedy the conditions and he ordered that the omnibus horses be turned with their heads facing north, which will keep private hacks from being "pocketed." It was a clear case, he said, of competition.

Creal Broyles was fined \$10 for creating a disturbance at Second street and Kentucky avenue upon confession. When Patrolman Lucien Shelton, who is off duty, asked Broyles to be quiet the latter issued a challenge and they mixed up. Broyles is said to have gotten the worst of it.

For false swearing in his own case in police court yesterday morning, Hub Winstead, colored, was held over to the circuit court grand jury and his bond fixed at \$300. He was fined \$10 yesterday for breach of the peace.

Other cases: Breach of peace—Charles Pruitt, fined \$10; G. Spriggs, fined \$10.

## FUN IN VAUDEVILLE—BY AL M. FOREMAN

"However Painted the Actress, One Thing Is True—  
The Distance Lends Enchantment to the View." —Pope.

They're off at the vaud, and the person who can pick the winners this week at either house must be some crit—that last word to be dressed in the latest fashion, should be spelled "critique," but, with the atmosphere fired on both sides, it's too hot to juggle with the alphabet, and attempt to keep the 25 letters in the air at the time, for you are sure to drop some of them.

Corbett &amp; Foreman, at the Kennedy, are presenting a bright sketch in "legal form," entitled, "The Lady Lawyer." They were not in the case more than a couple of minutes until they had convinced both that the gaggle who was on the shady side of a transaction had better not have a skit for a lawyer, for him. Why, he wouldn't stand the chance of a blue-eyed poodle in a sausage factory.

In making her appeal to the jury, this "Lady Lawyer" casts forensic jurisdiction to the atmosphere, and flags them forensic illustrations—the most convincing argument that could be handed the twelve men behind the whiskers who were sworn to decide the case without prejudice.

To prevent the jury from going to sleep, the "Lady Lawyer" prefers to have a pointed look of a vindictive; but when she goes after them with all the feminine bewitchery of her sex and displays the permissible sort of a choked hose and hands them the argumental wink, you can notice the canvases tremble as each jurymen tries to see which can get to her first. Verdict in favor of the "lady."

Keter, in his wire act, is neat and always comes in for his share of the applause.

The bicycle act of the two McNutts would be appreciated more if it were not for "Baby McNutt." That kid just wades in and swipes all the honors, and leaves papa and mamma begging the audience for any old kind of a hand, while the lady gives them the laugh, and always comes up with four aces for its part of the deal.

These 15 rollicking that could be said about the McNutts that would add to their fame. In this week of the woods, they are products of "The Purchase." They are home folks, and their act has been applauded by thousands when they were here with Laughing Brothers' circus, caravans and different attractions. They present a class act, and do most everything that can be done with a bicycle, except chew it up and swallow it. The Kentucky is fortunate in being able to present them to their patrons.

At the Star, look out for the terrible Swedish, Lorraine, member of the firm of Lorraine &amp; Daddies. They deliver the merchandise tried and tagged, and if you don't get your it's because there is something wrong with your think factory. Of course, the audience does not understand the Swedish language, but Lorraine makes it so plain that the little children comprehend it.

At the performance yesterday, a lady in the audience intimated that Lorraine exaggerated, in some of her descriptions, especially when she was relating her experiences in Oklahoma, in her mother tongue, as follows:

"Oklahoma, it can be had for wind. One other day da wind blow away Ole Daddies' house, an' next day it come back after da edder barn. It blowed a father's nose what didn't blowed his self for six years. When da wind blow your hat off, you don't chase after it, you just reach in under father's pocket an' tak home. Yag vast hita."

Well, "if yo' want to ha a gude faller, go an' see Lorraine."

"Yag throw into," pipes the he-end

of the sketch—which is dudley, but, frankly, let Bradstreet worry over that. They are great (and I have not seen the color of the creme de menthe, for saying this), but I always believe in the maxims, "credit due where—well, any old place where you can get a meal ticket on time."

With al I Lorraine's jokes, in Svenska style, it sometimes makes her forget herself in real life, for, as she admitted, when she asked for her mail at the postoffice (surprised she did not ask for mail at the military store), "Is dare a leader for me?" "What name?" asked the clerk. "Da name is on da leader," says Lorraine. There is a joke here, somewhere. If we can find it, it's a great act, this Lorraine brothers—no, Lorraine sisters; not that! Brother and sister? Sit, sit, not. Lorraine is a Swede, while her partner is a Quaker Oats product. They have a good act, klean and classy. Hesteger, how did you land this Eastern product? Come again, Lorraine, with the refrain, "Anna da gramma, mid lots pe panna."

Lloyd &amp; St. Clair hand it to us right off the bat. Get busy now, don't ask them to explain. Their stuff is above the heads of unsmiles, and is for people now on earth. Say—they make a Sphinx laugh, where Roosevelt had tried, and failed.

"Ladies and gentlemen, I now have the pleasure of introducing to your astonished gaze the man who is, bottom, button, who has got Prof. Moore, the trunk man? Say, guess it and win the prize."

When Moore brought out his baggage, and concealed himself in a half-gallon keister and defied the audience to find him, some pood said: "Sit, Not." Mr. Moore is honorable, and his presence can be accounted for. But find him in the trunk—Zing! and you are handed a line. Where is Moore? Ah! Now he appears among the audience, and showing them that the famous Herman was all thumbs, when performing with the cards.

Come on, Moore, hand it out! the audience appreciates your value.

Just a word. The actors think they are not appreciated, but the fact is, the people are so busy fanning themselves that they absorb the jokes and forget to laugh. Vaudeville can not last much longer, unless the theaters insist on furnishing high class stuff like the production of this week, then the people might endure it for a while.

"Uncle John, isn't it nice on Broadway? Uncle John, say, what's your other name? Uncle, go to Louisa and we will telephone you when the season is ripe and "Uncle, all best, the corn makes—'Vat, in de summer time?"

## DR. HARVEY QUIT PRESIDENT

Dr. Harvey Made It Necessary For Him to Retire.

Louisville, June 24. Dr. W. P. Harvey, the well-known president of the Board of World-Pain-King company, whose fidelity and efficiency have so pronounced the power and scope of the publication, has resigned the presidency of the company, because of ill health. Dr. Harvey's financial interest will remain with the company, and he will retain his desk in the offices representing the paper upon important occasions when his health will permit.

In accepting Dr. Harvey's resignation, the Board of World-Pain-King company said: "We desire to extend our profound regret that such a step on his part has been made necessary by the condition of his health. These new two facts that help to convince us in the least on our part that his resignation from the board and resignation from the company work may be the result of removing his health and that position. We hope for his more rapid recovery, and to the future which his presence will bring with him and efficiency, and second, that as a compensation, we still have the benefit of his hearty sympathy and friendly counsel."

Grew a Full Growth of Hair on a Bald Head

## Here's the Proof

For two or three years my hair had been falling out and getting quite thin, and the top of my head was entirely bald. About four months ago I commenced using Wyeth's Sage and Sulphur Hair Remedy. The first thing I noticed was that my hair began to grow again. I have now a full growth of hair on my head, and I feel much better. I shall keep on using it until I have a full growth of hair on my head, and I shall keep on using it until I have a full growth of hair on my head.

## BOOMS BREATHITT FOR GOVERNOR

LADY COUNTY SENTIMENT FOR HIM FOR GOVERNOR.

Texan Suspect, Thought to Be Wendling, Makes Good His Escape.

## NEWS OF OLD KENTUCKY

Louisville, June 24.—That there is a strong sentiment in his section for Attorney General James Breathitt as the next Republican gubernatorial nominee, was the declaration made by Dr. V. H. Linn, of Kuttawa, chairman of the Lyon county Republican committee, while in the city Wednesday. Dr. Linn was en route with Republican politicians at local hotels.

## Texas Suspect Gets Away.

Louisville, June 24.—The police are now convinced that the suspect on the building ranch, eight miles out of San Antonio, believed to have been Joseph Wendling, under indictment for the murder of title Alma Kellner, made his escape from that vicinity after being tipped off that the officers were hot on his trail. The fact that the man departed for another place immediately after the trail got warm, seems to confirm the suspicion that the suspect was Wendling.

Captain Carney, in Texas, and Colonel H. Watson Lindsey, in Louisville, are endeavoring to ascertain who "tipped" the man on the building ranch. Was it done by some one in Louisville? Is the question that Colonel Lindsey wants answered and has detailed men to find out. It would have been an easy matter for a letter to have reached Wendling from Louisville warning him of the coming of the officers. The police realize that there is a possibility that Wendling was "tipped" by some one in Texas, although the department is of the opinion that it would have been an easier matter for a friend in Louisville to have sent the warning word.

If it can be learned that the tip came from Louisville a long step will have been taken in the direction of finding the man. It will then be known that some one in Louisville is constantly in possession of his address and movements. If the tip to depart came from Louisville, then there is some one in Louisville able to tell of the whereabouts of the elusive fugitive. The finding of this party would result in the locating of Wendling.

## RICH SHAW AND LEAD VEIN STRUCK IN SCOTT.

Georgetown, Ky., June 24.—When John W. Hall had his men start digging for a well, they uncovered a rich vein of lead ore, besides a valuable bed of silver. This is the second rich find made in this vicinity within two weeks. It has been known for years that there is much lead in this section.

## STUBBEN SUMMONS.

P. Johnson, of Owensboro, Dies Suddenly.

Harrisburg, Ky., June 21.—While fishing in Salt river, six miles from Harrisburg, Howard P. Johnson, a traveling salesman of Owensboro, was seized with an attack of heart trouble and died almost instantly.

Johnson, in company with two other men, went to the river shortly after noon. He was sitting on a log out several feet from the shore, when he suddenly fell back into the water. His companions leaped into the river and carried the unfortunate man to the shore. Everything possible was done to revive him, but he expired in a few minutes. Mr. Johnson, with his wife and little son, had been in Harrisburg for several days. He was about 30 years of age, and had been on the road for several years, traveling for a grocery house.

## FATHER RICHMOND

OF OWENSBORO

To Secure Next Meeting of Educational Association.

Henderson, Ky., June 24.—Richmond and Owensboro are strong contenders for the next annual meeting of the Kentucky Educational Association. This matter is set down as being the last order of business for the last day's session.

At the morning's session, Dean E. Payne, of the Eastern Normal school, ably discussed "The Dangerous Tendencies of Our Present School Methods." Senator J. J. Watkins, of Sturgis, was another of the speakers on the program in which he touched on the sympathy that should exist between teacher and pupil. The gist of the resolutions to be offered follow:

Expansion of scope of this association so as to include all workers in private and parochial schools, kindergartens, etc., trustees and other interested laymen.

Extension of its relations so as to touch and keep in touch with organizations doing kindred work, particularly as to the activities of this association.

Recommendation that the office

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Va.—"I was passing through the change of life and suffering from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved to me that it is truly a 'mountain of gold' to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my friends know so you may publish this letter." Mrs. Chas. Barclay, R. F. D., Graniteville, Va.

No other medicine for woman's ills has received such widespread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, irregularities, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

of state superintendent should be filled by appointment through a non-partisan or a bi-partisan board or commission at a liberal salary and for a long term without restriction as to his carrying out his duties after the necessary changes in our constitution.

Statutes should be compiled with greater care and interpreted with greater skill than seems to have been exercised in recent years.

## Press Association Officers.

Middlesboro, Ky., June 24.—Officers of the Kentucky Press Association for the ensuing year were elected as follows: President, A. D. Miller, Richmond; vice president, Col. W. H. Haldeman, Louisville; secretary-treasurer, S. M. Sanford, Stanford; Ed H. Shank, of Shelbyville, was elected chairman of the executive committee. The president will appoint four other members of the committee.

## MORGAN, HOME, SAYS "NEVER FELT BETTER."

New York, June 24.—J. Pierpont Morgan came home yesterday from Europe, looking the picture of health. The banker has been abroad for several months, and during that period there were numerous reports that he was in poor health.

"Look good, don't you?" asked Mr. Morgan, and then answered the interrogation by saying: "I never felt better in my life."

"The hickster who used to cheat me out of my money, has been arrested." "Yes," replied Mrs. Morgan. "I hear he is in a peck of trouble now." "Well, I do hope the peck isn't short measure, at present," Catholic Standard and Times.

"My tooth hurts like Sam Hill!" "Who the deuce is Sam Hill?" "Well, who in Sam Hill is Dickens?" Toledo Blade.

## A MOUNTAIN CLIMBER

Gains Twelve Pounds on Change of Food.

When a change in food can rebuild a man 77 years of age, it is evidence that there is some value in a knowledge that can determine the selection of proper food to rebuild the body. A physician attending a California man 77 years of age told him that death from old age would soon claim him. He suffered from general weakness and decay.

An old lady advised him to quit coffee and drink Postum and to eat Grape-Nuts food every morning. He took the advice, and he gained 12 pounds. Says he is as well as he ever was, and can take long trips now.

## TIMELY WARNING ABOUT THE FLIES

STATE BOARD OF HEALTH SENDS OUT A BULLETIN.

Man Must Kill the Fly or the Fly Will Kill Him.

## WHAT YOU MUST DO

In every town and locality in the state many people have failed to heed the numerous warnings that have been issued against flies. Attention has been called to the fact that they are one of the most dangerous insects to life and health, and that they are a source of contamination for a large proportion of all cases of typhoid fever and diarrhoeal diseases of infants and many cases of tuberculosis and other infectious diseases.

The State Board of Health has issued a bulletin which will contain a list of the various ways in which flies can be exterminated, and will also contain a list of the various ways in which flies can be exterminated, and will also contain a list of the various ways in which flies can be exterminated.

This can be accomplished by the use of the following methods: 1. Flies should be killed by the use of fly paper. 2. Flies should be killed by the use of fly traps. 3. Flies should be killed by the use of fly powder. 4. Flies should be killed by the use of fly spray. 5. Flies should be killed by the use of fly bait.

## MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Baby's coming will be a time of rejoicing, and not of apprehension and fear, if Mother's Friend is used by the expectant mother in preparation of the event. This is not a medicine to be taken internally, but a liniment to be applied to the body, to assist nature in the necessary physical changes of the system. Mother's Friend is composed of oils and medicines which prepare the muscles and tendons for the unusual strain, render the ligaments supple and elastic, aids in the expanding of the skin and flesh fibres, and strengthens all the membranes and tissues. It lessens the pain and danger at the crisis, and assures future health to the mother. Mother's Friend is sold at drug stores. Write for our free book, containing valuable information for expectant mothers.

## POSTOFFICE ROBBERY.

Get Only 80 Before Being Frightened Away.

Edinburgh, Ky., June 24.—The postoffice at this place was robbed last night. Entrance was made by smashing the door in the front door and throwing the spring lock. Only about \$5 was missed by Postmaster Wilson. The amount was taken from the cash drawer, and stamp books in the lock of the drawer and a few stamps of large denomination in the bottom were not disturbed. The postal authorities were notified at once. The burglar looks into the backsmith shop of H. F. Cross and got tools, but it is believed they were frightened away.

Inspector on Way.

Covington, Ky., June 24.—Postoffice Inspector Holmes received a telegram today announcing that the postoffice at Edinburgh, Ky., had been broken into by "strongmen." An inspector was at once detailed to make an investigation.

You are not going to overlook your city taxes and pay the penalty are you? Better go at once and see after this; the time is growing short.

## TAFT SAYS PARTY HAS KEPT PLEDGES

ISSUES A SIGNED STATEMENT FOR CINCINNATI PAPER.

Postal Bank Bill Marks Passage of One More Bill for Which He Stood.

## FIGHT OF YEARS IS ENDED

Cincinnati, June 24.—In a signed statement in the Times Star, President Taft is quoted as follows:

"Washington, June 24.—I am elated at the legislation which has been enacted by this congress. It has fulfilled the pledges of the party. It is a great satisfaction to me that we have accomplished so much. It has been the custom in the past to try to fulfill party pledges during the term of the president elected; we have secured what we set out to get during the first regular session of congress.

"We now have the best railroad regulation law we ever had. The provisions for the supervision of capitalization were omitted, but this does not mean that they have been abandoned. Renewed effort to enact them will be made at the next session.

"I think the party in power has enacted legislation which will insure greatly to its benefit. It has kept its contract. The congress which is now closing its first regular session has done what it promised the people to do, and the Republican party has a good record to take to the people in the coming elections."

Washington, D. C., June 24.—With the passage of the house bill in the senate the United States comes into possession of a postal savings bank system for which workmen of the republic have waited for more than a generation. The bill was passed in the senate, 14 to 25. The bill was signed by President Taft today and will go into effect in 60 days.

In the passage of this legislation President Taft wins another victory in making good the pledges of the Republican platform. Over the protests of some of the insurgents, the senate relinquished its own measure and accepted the bill passed by the house, which was framed by the caucus of the house Republicans.

The house bill was generally regarded as superior to the senate bill, though senators Cummins, Brundage and La Follette voted against its passage on the ground that it favored the big banking interests of the country and would be the means of diverting the hidden wealth of the country to Wall street.

Senator Clapp, of Minnesota, was absent when the vote was taken, as was Senator Dooliver, of Iowa, who was paired against the measure. Senator Beveridge, of Indiana, voted for the bill. Only one Democrat, Senator Chamberlain, of Oregon, voted for it.

**Credit Is Due to Taft.**

President Taft is entitled to the major share of the credit for the establishment of the postal savings system. It was one of the cardinal pledges of the Republican platform, but the party leaders were lukewarm toward the measure from start to finish. In making good the pledge the president triumphed over a rebellious element of the Republican organization in the senate and over the ill concealed opposition of the entire canon following in the house.

With the Democrats the postal bank was favored only as an alternative to the guarantee of bank deposits advocated in their national platform and the measure therefore received little Democratic support. The president finds he has succeeded in creating an institution favored to no avail by many of his predecessors, by nearly every postmaster general for a generation and by Republican platforms, more or less specifically, for a decade.

**Buy Your Own Paper.**

Once upon a time a farmer who was too conscientious to take a newspaper sent his little boy to borrow the paper taken by his neighbor. In his haste the boy ran over a hedge and in ten minutes looked like a watermelon squashed.

His father reached his father, who ran to his assistance, and falling to see a barbed-wire fence, ran into it, breaking it down and cutting a handful of flesh from his anatomy and ruining a \$5 pair of trousers. The old cow took advantage of the gap in the fence, got into the corn field and killed herself eating green corn.

Hearing the racket, his wife ran, upsetting a four-gallon churn of rich cream into a basket of kitchen, drowning the whole flock. In her hurry she dropped and broke a \$7 set of false teeth. The baby, left alone, crawled through the split crown into the parlor and ruined a \$25 carpet. During the excitement the oldest daughter ran away with the hired man, the calves got out and the dog broke up ten setting hens.

## Feet Tired-- So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for aching, inflamed feet, and for corns, callouses and bunions, too.

"For years I have been troubled with sore and tender feet, suffered intense pain. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used."—A. E. Treviser, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on sores of the feet, and is the only remedy that does. TIZ cleans out every pore and fortifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all drugists at 25 cents per box, or it will be sent you direct if you wish from Walter Lullier, Dodge & Co., 1000 N. Dearborn St., Chicago, Ill.

## MAYOR'S DAUGHTER ELOPES.

Miss Edith Gaynor Becomes Bride of Chubman.

New York, June 21.—Edith Augusta Gaynor, the second daughter of Mayor Gaynor, and Harry Kermit Vincent, Cuban, horseman and broker, were married yesterday in Wilmington, Del., according to a special dispatch which the New York World prints this morning.

Vincent is 38 years old and Miss Gaynor 19. They were married in the attorney general's office. It is said, by the Rev. Dr. Wolf, the "marrying pastor" with Attorney General Gray, as the best man.

At Mayor Gaynor's house a rare and answered all inquiries by saying that the family could receive no one and had nothing to say. A Mr. and Mrs. Vincent registered last night at the Hotel Ives in this city. They would receive no callers.

## HUGHES TO TALK WITH ROOSEVELT.

Governor Accepts Invitation for Conference.

New York, June 24.—Theodore Roosevelt has asked Gov. Hughes to visit him at Sagamore Hill in the near future for a conference.

The news came out in the course of a brief supplementary statement Col. Roosevelt chose to add to his denial of a printed report that he is to come out in opposition to the governor's policy of direct primaries.

Col. Roosevelt did not say he had received the governor's acceptance and he refused to give any intimation of what subjects he expected to come up in conference. But, taken as part of a conversation which had to do with direct primaries, the mere announcement aroused speculation.

Late last night it was learned the invitation had been accepted.

Gov. Hughes passed out of the political situation this fall, when he assumes a seat on the bench of the United States supreme court, but in his continued devotion to his policies he recently called the legislature in special session to consider that very subject of direct primaries.

Pursuant to an order entered in the United States district court at Paducah, Ky., on the 21st day of June, 1910, in the case of O. Hauer et al against the gas boat Hope and large Undine, I will, on Saturday morning, July 2, 1910, at 10 a. m., at the port of Paducah, Ky., sell to the highest and best bidder the gas boat Hope and large Undine, her engines, tackle, apparel, etc., for one-half cash in hand, the balance on a credit of three months with interest at six per cent until paid. The purchaser to execute bond with good and approved security, payable to the clerk of the court for the deferred payment. Said bond to have the force and effect of a replevin bond at law. In addition to its being a bond in admiralty.

The purchaser, if he chooses, may pay the entire purchase price in cash.

GEO. W. LONG, U. S. M. W. D. R.  
BY ELWOOD NEEL, Deputy.  
GEO. C. DUBHILL, Proctor for Libellants.

## IN ADMIRALTY.

In the District Court of the United States, for the Western District of Kentucky, in admiralty.

Lewis & Lewis, etc., vs. gas boat "Addie."

Whereas, a libel has been filed in the District Court of the United States, for the Western District of Kentucky, at Paducah, on June 20, 1910, by Lewis & Lewis, composed of Henry Lewis, Thomas Lewis and Elmer Lewis, against the gas boat "Addie," her engines, tackle, apparel, furniture, etc., alleged in substance that said boat was indebted to them in the sum of one hundred and ninety-nine dollars and 50 cents, for large hire, etc., that same has never been paid, and they pray process against said gas boat "Addie," etc., that same may be condemned and sold to pay said claim, with cost and expenses.

Now, therefore, in pursuance to the monition under seal of said court, to me directed, I do hereby give public notice to all persons claiming said boat "Addie," or in any way interested therein, that they be and appear before the District Court of the United States in the City of Paducah, Ky., on or before the first day of August, 1910, at 10 o'clock a. m. of that day, then and there to interpose their claims and their allegations to make in that behalf.

Mr. Hughes said, "Hm; ah, yes; quite so." And then he asked if there were any reason why he, Hughes, should not call at once upon Collins & Graves.

"None, whatever," said the voice. "Though there isn't any hurry. They will be there whenever you are."

## TO SELECT PLACE FOR I. C. PICNIC

COMMITTEE POSTPONES ACTION  
UNTIL MONDAY.

No Doubt That Kuttawa Will Be  
Chosen as the Location for  
Event.

### OTHER BRIEF RAILROAD NEWS.

Because of a misunderstanding in the hour, the mass meeting of the employees of the Illinois Central railroad was not held yesterday afternoon to select a place for the annual picnic. Owing to the fact that employees were not represented in a sufficient number the mass meeting was postponed until next Monday at 12:30 o'clock. It is practically agreed that they will follow the recommendation of the committee and select Kuttawa, but the location will have to be selected definitely by the employees before a request can be made to the railroad for the equipment.

No trouble is anticipated this year in securing the equipment, as for a number of years the railroad has allowed its use for the annual outing. Saturday, August 6, is the date recommended by the committee although the date will be arranged according to the convenience of the railroad in furnishing the equipment. After a ride of 12 hours, the special excursion train from Louisville returned this morning at 4:25 o'clock. The excursionists were delayed three hours at Middletown because of a hot box on an engine and it was necessary to reverse another. The special train left Louisville yesterday at 1 o'clock, and it was due to reach Paducah about midnight. The excursionists had a jolly time.

A. E. Cliff, superintendent of southern lines, and L. W. Baldwin, chief engineer, passed through Paducah yesterday en route from the south to Princeton. The officials are expected to arrive in Paducah this evening.

J. C. Jones, a boilermaker, has gone to Mounds, Ill., where he will work on the St. Louis division.

Thelb Fretwell, clerk in the master foreman's office, will leave early tomorrow for Memphis on a visit to Mr. and Mrs. R. B. Richardson.

W. A. Carter, coach inspector at the Union station, has gone to Louisville on business.

Mr. N. A. Alquist, master car builder, left last night for Memphis on business.

### TAFT TO VISIT TEXAS.

Roosevelt and other Notables Will

San Antonio, Tex., June 21.—"It is a sure fact now that President Taft will be here the last week in November to attend the Trans-Mississippi Commercial Congress," said J. T. Pryor, president of the congress, today on his return from a month's trip.

"It is almost certain Roosevelt will be here. It is certain that governors of Missouri, Kansas, Colorado, Oklahoma, New Mexico, Arkansas and Louisiana are coming. It is probable that a dozen other governors of western states will attend. Secretary Root and John Barrett, the postmaster general of American republics, will be here, as well as representatives of Mexico, Argentina, Chile and Brazil.

## "EDDIE" ROLLSTON WINNING HONORS

WILL EXHIBIT SOME DRAWINGS  
AT ARTISTS' EXHIBIT.

A Paducah boy who has gained notoriety with his cartoons has won recognition among the leading artists of Tennessee and his work will be on display at an exhibit of original drawings and paintings by the members of the New Paper Artists' Association of Tennessee. The exact date has not been fixed but it will probably be held in September in Memphis.

Edward C. Rollston is the Paducah boy who has been associated with the editorial department of the Memphis News-Scholar and Commercial Appeal for the past three years. He is now on the News-Scholar in which paper his "To Do" weather illustrations have been used for some time. He is a member of the artists' association which includes a number of well known artists whose work is by no means limited to pen and ink work, but who are capable of producing splendid subjects in oil and water colors. Walter S. Persons is managing the coming exhibit.

Among the artists who have agreed to furnish drawings for the exhibit are: E. A. Bushnell, The News-Scholar's cartoonist of "Doc" name; Edward C. Rollston, The News-Scholar's "To Do" artist; Fred Collier, J. W. Higgins, James

Payne, Charles Eyles, A. C. Mitchell and others. Mr. Persons has already been assured of over 100 pieces for the exhibit.

Mr. Rollston was a member of the editorial staff of The Sun for nine years before accepting an offer on the News-Scholar, and is popular here.

CAIRO PIONEER PASSED AWAY.  
Andrew Lohr Died After Brief Illness Yesterday.

Cairo, June 21.—Andrew Lohr, one of the best known and oldest citizens of Cairo and of the surrounding country, passed in the great beyond yesterday morning at 6:15 o'clock. He had been ill for several months and had been confined to his bed for the past three weeks. His death was not unexpected, as he had been gradually failing for some days; he realized that his days were numbered and almost up to the hour of his death his mind was clear. All the members of his family were present at his passing, with the exception of a daughter, Mrs. R. King Kaufman, of St. Louis, who is ill and it was impossible for her to be present.

Mr. Lohr is survived by his widow and three daughters, Mrs. Herminie Schuler, Mrs. Frank P. Ayer and Mrs. R. King Kaufman of Webster, Groves, Mo.; his grand children, Mrs. Herman Weber, Harris A.

Schulze, Sarah Elmore Ayer, R. King Kaufman, Jr., and Anne Brown Kaufman and two great-grandchildren, Harold Schulze Weber and Lester Herman Weber.

Andrew Lohr was born in Hamburg, Prussia, December 26, 1831, being in his 79th year, and was the only son of Henry and Anna Lohr.

TAFT SAVES CANNON'S SEAT.  
Insurgents Promise Not to Depose  
Venerable Speaker.

Washington, D. C., June 21.—"There is no question as to the right of the house of representatives. The insurgents have pledged their solemn word and will allow the venerable standpat to depart in peace and seek the suffrage of his fellow citizens for re-election to an ordinary seat in the next congress.

President Taft is credited with having succeeded in calling off the insurgents from the plan, which has been under consideration off and on for several weeks, of ousting the speaker. The president doesn't want any more quarreling in the house this session. He wants to get all the bills on his program through and the accomplishment of the demand the utmost peace and quiet in the legislative halls.

The president in the last few days has done a lot of conciliating among the insurgents, and it has transpired that there no longer is any thought of an over move against the speaker.

Several insurgents, including Lindbergh, of Minnesota, have gone home around there will be nothing attempted in the election line.

## SETTLEMENT OF THEATRICAL WAR

OPEN DOOR POLICY TO PREVAIL  
IN ALL HOUSES.

Chicago, June 24.—A special from New York says:

War that has been raging in the theatrical world is about to come to an end. Peace is hovering on the outskirts of the composing camp of the "Independents" and the syndicate. Meetings are being held under an armistice looking toward an agreement that will be a capitulation for neither side, but a recognition of personal differences for the sake of the general good.

In fact, there is a definite understanding that peace has already come and that an agreement had been reached whereby Klaw & Erlanger would permit syndicate producers to book their attractions in independent theaters in such towns as do not have syndicate houses. Henry W. Savage made the statement that he would look his attractions in both syndicate and independent houses.

From the offices of the National Theater Owners' association this statement was sent out:

"This arrangement fulfills the object for which John Ford and those allied with him have been fighting, that of bringing all producing managers into an agreement to book attractions independently. It does not prohibit Savage or any others from playing their offerings in syndicate city theaters, as that would be a violation of the policy of the association but it does allow them to play in all 'open door' houses."

WILL EAT BAD EGGS.  
ALL OF NEXT WINTER.

Forty-Five Million Shipped to New York For Cold Storage.

Newark, N. J., June 21.—Forty-five million eggs have been shipped into this city since April 1 and placed in cold storage by the war-bureau to render them available in case of a shortage of eggs in the winter. The eggs come mostly from Indiana, Michigan and Ohio. They were purchased at an average price of 22 1/2 to 25 cents a dozen. Two cents a dozen is added to cover insurance, storage costs, etc., which brings the total cost up to about 26 cents.

If the eggs can be obtained in

New York next winter at 15 cents a dozen when this local supply is exhausted, there will be a profit of 10 cents a dozen on a total of some thing over \$750,000.

Youngblood—Which is the better way to propose, orally or by letter? Cynical—By letter, certainly. The only chance that you might forget to mail it. Boston Transcript.

# CASTLE SQUARE ENTERTAINERS TONIGHT

Fine Attraction at Chautauqua

The one tonight at 8:00 p. m. will be the second complete program of the Castle Square Entertainers, and those who heard the first will not permit anything to keep them away tonight. Special program has been arranged and you are sure to enjoy it hugely. Come, by all means.

## Tomorrow Afternoon and Night

Afternoon, 3:30 p. m., FISHER SHIP CONCERT COMPANY'S first appearance. Four members of the company, superb musicians each of them, combining individual excellence and perfect concerted work in unusual degree. The company is remarkably versatile and more varied or pleasing entertainment it would be hard to conceive.

In the evening, at 8:00 p. m., ROBERT PARKER MILES in his beautiful lecture, "TALLOW DIPS," will be the attraction—and it will be a surpassingly good one. Mr. Miles is an author, lecturer and traveler of distinction. He is a true Bret Harte in the sunny analysis of the good side of bad men and bad things—an optimist. Not only is his work replete with literary excellence, but his impersonations of striking figures of the age with whom he has come in contact are startlingly realistic.
